COMPANY SPOTLIGHT

Global solar energy company going through growth and changing business model. Previously did consolidation with Quickbooks and Excel.

“Fluence allows finance to get in on the ground floor”

Jacqueline Chevalier
Group Controller

KEY RESULT

3x Reporting Frequency
From quarterly to monthly financial statements

THE NEED

- Adapting accounting to a changing business model
- Consolidating 13 entities (and growing fast) with no ERP
- Consolidation, cash flow, FX all handled by one person

WHY FLUENCE

- Automation, integration and control over process, data
- To add entities and map them to single chart of accounts
- To meld 3 local currencies seamlessly into the process

THE SUCCESS STORY

- Small finance team now a more strategic partner to business
- From quarterly financials to regular monthlies
- Team spends less time heads-down doing numbers
